

AcSIR SCIENCE CLUB

WHY

we need science club?

- ◆ Science club is envisaged to be a platform where the AcSIR students can meet, share their ideas about science, culture of science, history of science, future of science, relation of science to the society, etc.
- ◆ These clubs may be established at academic center level.
- ◆ Science club, its members and its activities would encompass all subjects, disciplines and departments, thus expected to inculcate trans-disciplinary thinking and holistic approach to understand issues and problems around us.

RESPONSIBILITIES

COORDINATOR

- Guiding authority for any decision about science club
- To select the student representatives.

AcSIR EMPLOYEE

- Function as a bridge between the students, Coordinator and AcSIR Headquarters
- Keep track of various activities of science club and report to the AcSIR Headquarters

STUDENT REPRESENTATIVE

- Plan the activities on monthly basis with the help of AcSIR employee
- Submission of reports to Coordinator after each event

- ◆ Activities which may be undertaken by the Science Club, but not limited to, are the following:
 - Discussions/Debates
 - Student Seminars
 - Literary activities
 - Cultural activities
 - Media related activities
- ◆ Sponsors, if any, contributing in conduct of activity should be duly acknowledged
- ◆ Information will be shared by AcSIR HQ through Official page or handles and shall not be put individually by the Science Clubs

Structure of the Science Club
